Compare Leader's Quality
Compare Leader's Low Price

Never, on Christmas morn, does any child, in Indianapolis, knowingly go without a visit from Santa. It's tradition for its civic minded citizens and organizations to spread the joy of Christmas by outfitting needy BOYS and GIRLS with good, warm clothing to protect them from the rigors of winter.

We extend the advantages of OUR LOW PRICES to all persons interested in this worthy undertaking—for we believe we can CLOTHE MORE CHILDREN with the same amount of money, than elsewhere.

All-Out for Training:
Blake St. Church Offers Public
Chance to See War Machine Run

One of the most unusual events
ever to take place in local history,
is scheduled to be given at 8 p. m.,
Saturday, December 19, when the
All-Denominational Tabernacle of
God 443 Blake street, dramatizes
the need for skilled training for
men and women. Admission is
free; the public is invited.

Rolling up its sleeves and grab-
bing a tough problem by the horns,
the congregation of the All-Denom-
inational Tabernacle, of which
Elder T. R. Murf is pastor, has
decided to change and spreads its
support of the national war effort
by giving a practical demonstra-
tion of training on machines. This
move is meant primarily to bring
home to the people of the city,
especially the young ones, the great
need for and the ease of getting
skilled training.

Through the co-operation of the
National Youth Administration's
War Training Production Center,
2401 North Keystone, hundreds of
persons will be able to see for the
first time, outside closely guard-
ed war plants, machines and work-
ers the like of which are chang-
ing raw materials into vital war
supplies for the United Nations
twenty-four hours every day. One
single needle and one special sew-
ing machine and a lathe and pos-
sibly some welding will be taken
to the All-Denominational church
for the audience to see; several
NYA boys and girls will demon-
strate the work.

Wm. Vernon Shields, director of
the Keystone War Training Pro-
duction Center, will deliver a brief
speech. He disclosed that the pro-
gram at the church doubtless will
be the first instance in which the
NYA has taken its important work
so directly and dramatically to the
people whom it directly or indi-
rectly serves. This is being done,
Mr. Shields said, to heighten in-
terest in and win even greater
support of the war effort.

Mrs. Sarah Porter, active church
worker and chairman of the affair,
stated that the All-Denominational
Tabernacle members believe that

too many "persons have been as-
sleep too long" and that church
officials and the congregation rec-
ognize the responsibility of the
leadership thrust upon them, not
only in a spiritual way but in an
also. chorals and other music are plan-
ned, also.
